Reftele, Sverige, 2020-10-08

ESBE proud winner of the award **Export Hermes 2020**

The foundation Fonden för Exportutveckling (Fund for Export Development) rewards Swedish companies with successful exports. The winner of the 2020 Export Hermes award is ESBE AB.

The prize was awarded today at the Tendensdagen at United Spaces in Stockholm.

Jörgen Thelin ESBE Sales Director, Peter Cerny ESBE president and CEO, Anders Lundwall Fonden för Exportutveckling

We are very happy and honored! It feels great to receive this award, it is a team effort to work at ESBE and the award would not have been possible without all our employees' contributions in large and small.

says Peter Cerny, President and CEO of ESBE

Since 1981, the Foundation Fonden för Exportutveckling has assigned the Export Hermes award to 50 successful companies. The prize is awarded annually, exclusively to a Swedish-based company that has shown a very positive export development.

The motivation for the Export Hermes award

"By mixing strategic cooling and humanistic heat, ESBE AB has developed into a world-leading export company in valves and actuators that gives property owners great savings and makes the environment a long-term winner."

About ESBE

ESBE manufactures, develops and markets valves and actuators that regulate fluid-based systems in small and large buildings. The products deliver better energy utilisation, comfort and safety in systems for heating, cooling and delivery of tap water. Rising energy prices and increasing demands on comfort and convenience are crucial factors in all homes. The ESBE family, which is continually growing, currently comprises just over 200 employees and has annual sales of approx. 40 million euros. The head office and manufacturing plant is located at Reftele in Sweden. Our own sales companies run marketing and sales in the Nordic region, Germany, France, Italy, Austria and Poland. In addition, ESBE operates through distributors in just over 50 countries.
